Township 5 N R 15 East of the 6th principal Merid.

General description

The land in this Township are mostly uplands, there is only a small portion that very rich bottom, situated along the left bank of the Little Nemaha river, in the S. W part of the Township, and about 100 acres of the Missouri river bottom in the N E corner of the Township. The uplands are mostly rolling good 2d rate and well adapted for cultivation

The little Nemaha river is a swift running stream ~~with~~ of clear spring water with high banks.

Timber, various kinds of Oak, Elm Hickory, Hackberry, Black Walnut, is only in the Eastern part of the Township.

The East half of this Township is quiet settled and claimed in the

Township 5 N R 15 East of the 6th principal Meridian

West half are only 4 settlements, one
John D. Skeen on the West half of the
N E quarter and the West fractional
half of the S. E quarter and the East
fractional half of the S. W. quarter
of section 33
Frederick Schwartz on the South half
of the N W quarter and the North
half of the S. W quarter of sec. 28
Conrad Helbing on the S W quarter of sec. 29
Hazen Standley, on the N E quarter of

General Description

The land in this Township is about half bottom and half Bluffs, only North of Honey creek are some gently rolling uplands. The bottom is situated along the Missouri River which runs along the North and East side of the Townships. The bottom is very rich but partly wet, as the Duck Creek as well as the honey creek have no channel after they run into the bottom, therefor the Water has to sink but it could be easely drained.

The bluffs are very broken 3rate soil The uplands along Honey Creek are good 2nd

Township 6 North Range 15 East of the 6th principal Meridian

Honey Creek is a swift running creek of clear spring water. There is a fine place for a mill-seat on this creek in Section 34, where the creek bears the bluffs and runs into the Missouri River bottom.

Timber chiefly Cottonwood, Sycamore, Elm, Hickory, Walnut and Oak some Hackberry and Ironwood is situated along the the South side of Honey creek, in the Missouri bottom, in the S½ part of the Township in section 2 and the East half of section 3 and some groves along Duck Creek

The town of Mount Vernon was laid out by James Frame and Jacob Lobsinger about 3 or 4 months since on the right bank of the Missouri
