General Land Office • Original Field Notes

Book Number

307

The images in this file are photographs of the notes of the original surveys of the State of Nebraska on file in the Office of the Nebraska State Surveyor located in Lincoln, Nebraska.

The original surveys in Nebraska began in the mid 1850's and were completed in the mid 1880's. The Nebraska office of the Surveyor General was closed June 30, 1886.

D

T. 9 N. R. 4 W.

Field notes of the subdivisional lines in Township 9 North of Range 4 West of the 6th principal meridian, Territory of Nebraska, by H. C. F. Hacklensch, deputy surveyor, under his contract No 308, bearing date 5th Day of August, 1864

Commenced September 5th, 1864
Completed September 9th, 1864

b

Names and duties of assistants.

George Robbins, Chainman
John Ferra, Chainman
John Philips, Axeman
Jeremiah Evans, Flagman & Cornerman

Albert Towle

Probate Judge &c ~~&c~~ Justice of the peace

J.

I, Jeramiah Evans, do solemnly swear that I will faithfully perform the duties of flagman or Cornerman according to the instructions given and to the best of my skill and ability

Jeremiah Evans

Subscribed and sworn to by the said person before me a Justice of the peace in and for the County of Gage ~~Nebraska~~ Territory in the ~~State~~ of ~~Kansas~~ this 31st day of August A.D. 1864

Albert Towle

Probate Judge &c ~~&c~~ Justice of the peace

Township 9 N. Range 4 W. of 6th prl. Mer.

chains

To determine the proper adjustment of my compass for subdividing this Township, I commence at the Standard corner on the second standard parallel north, the corner to Townships 9 North of Ranges 3 and 4 West, and run North, on a blank line along the East boundary of section 36

Variation 12° 45' East

40.03 To a point 4 lks. East of the quarter section corner

80.05 To a point 7 links East of the corner to sections 25 and 36.

To retrace this line or run parallel thereto my compass must be adjusted to a variation of 12° 47' East.

Survey commenced September 5th. 1864.

From the standard corner to sections 35 and 36 on the South Boundary of the Township or Second Standard Parallel North,

chains

General Description

The land in this Township is of a fair quality, and some portions are well adapted to farming. — There is some rich bottom land on both sides of South Branch of Big Blue. — The Upland are gently rolling and level and of 2nd rate quality.

South Branch of Big Blue is a beautiful stream of clear water, running in an Eastern direction through the Southern part of the Township. The water is from 2 to 4 feet deep and runs through a sandy bed. The banks are low and steep.

Timber is scarce. — There is a narrow belt of timber on both sides of the Blue, consisting of Ash, Elm, Box elder, Cottonwood, Willow and Plum.

Township No. 10 North. Range No 4. E. of 6th Principal Meridian

General Description

The land in this Township is high and gently rolling prairie (some portions are nearly level), of a good 2nd rate quality. The land along Beaver Creek is 1st rate and well adapted to farming. There are no Bluffs along Beaver Creek to distinguish upland from bottom.

Beaver Creek is a beautiful stream of clear water, - it might be well called a large spring, inasmuch as any amount of small springs are along the banks, - Beaver Dams are found at several places, - The banks and bed of the Creek are muddy, - The stream runs in an Easterly course through the Northern half of the Township, and does not overflow at any season of the year. -

The timber is of an inferior quality, and is scattering along the banks. It consists of Elm, Ash, Boxelder, Cottonwood and Plum. No stone in the Township. -

There is a settler in the N. W. 1/4 of Section 17.

	October 1st, 1864

Township 11 N. Range 4 W. of 6th prl. Mer.

General Description.

The quality of land in this Township is principally 2nd rate. The surface is gently rolling and level. There is a small portion of bottom land on both sides of a Creek which runs in an Eastern direction through the center of the Township. The bottom land is of 1st rate quality and not subject to inundation.

The Creek has beautiful, clear running water. The bed of the same is muddy and full of reeds and rushes. Beaver dams are found at different places.

Timber is rather scarce. There are some scattering, Ash, Elm, Boxelder, Cottonwood and plums at different places along the banks of the Creek.

A poor country for Geologists: no stone!

General Description.

The land in this Township is high, rolling prairie of good 2nd rate quality.— There is a small portion of bottom land on both sides of a Creek which runs through the N.W. corner of the Township. The bottom is of 1st rate soil, and not subject to inundation.— The Creek is nearly dry; the only water are pools of stagnant water.— The banks of the creek are skirted with a few scattering trees, consisting of Elm, Ash, Buxelder, Cottonwood and Plum bushes.

There are no stone of any kind in this Township.—

List of Names.

A list of names of the individuals employed to assist in running, measuring, or marking the lines and corners described in the foregoing field notes of Township No. 12 North of the base line, of Range No. 4 West of the 6th principal meridian, showing the respective capacities in which the acted:

George Robbins, Chainman
John Flora, Chainman
John Philips, Axeman
Jeremiah Evans, Flagman and Cornerman

We hereby certify that we assisted Henry C. F. Hackbusch, deputy surveyor, in surveying and subdividing Townships number nine, ten, eleven and twelve North of the base line, of Range number four West of the sixth principal meridian, and Townships number nine & ten North of the base line of Range number five West of the 6th principal meridian, in the Territory of Nebraska, and that said Townships have been in all respects, to the best of our knowledge and belief, well and faithfully surveyed, and the boundary monuments planted according to the instructions furnished by the Surveyor General," and that all the corner monuments are not constructed of less size and dimension prescribed in the Surveying Manual and printed instructions, & marked and conditioned in every respect as therein required."

George Robbins, Chairman
John Filoza, Chairman
John Philips, Axeman
Jeremiah Evans, Flagman and Cornerman

Subscribed and sworn to by the above named persons, before me a Notary Public duly commissioned & qualified within & for the County of Leavenworth & State of Kansas This 31st day of October 1864

Witness my signature & Notorial seal This day & year last above written

E. N. O. Clough
Notary Public

I, Henry C. F. Hackbusch, deputy surveyor, do solemnly swear that, in pursuance of a contract with Daniel W. Wilder, surveyor of the public lands of the United States in the State of Kansas and Territory of Nebraska bearing date the 5th day of August 1864, and in strict conformity to the laws of the United States and the instructions furnished by the said surveyor General, I have faithfully surveyed the subdivision of Townships number: nine, ten, eleven and twelve North of the base line, of Range number four West of the sixth principal meridian, and Townships: nine & ten North of the base line, of Range number five West of the 6th principal meridian in the Territory of Nebraska, and do further solemnly swear that all the corner monuments have not been constructed of less size & dimension, prescribed in the Inst[illegible] annal and printed instru[illegible]nked

and conditioned in every respect as there in required, and that the foregoing are the true and original field notes of such survey.

Henry C. F. Hackbusch,
Deputy Surveyor.

Subscribed by said Henry C. F. Hackbusch, deputy surveyor, and sworn to before me, a Notary Public duly commissioned & qualified within & for the County of Leavenworth & State of Kansas this 31st day of October A D 1864. Witness my signature & Notarial seal of Office this day & year last above written

D. K. C. Clough
Notary Public

Surveyor Generals Office,
Leavenworth, Kan. Nov. 14th, 1864

The foregoing field notes of the survey of the Subdivisional lines of Townships 9, 10, 11 & 12 North of Range 4 West, and Townships 9 and 10 North of Range 5 West of the 6th Principal Meridian, Territory of Nebraska, executed by Henry C. F. Hackbusch, under his Contract of the 5th day of August, 1864, in the months of September and October, 1864, having been critically examined, the necessary corrections and explanations made, the said field notes, and the surveys they describe, are hereby approved.

Daniel M. Wilson
Surveyor General.
