Township No 25 S of R 23 W of 6 P.M

General description of Township.

Almost the entire Township is composed of barren cone shaped sand hills whose ragged and wind riven tops glare upon the eye in all their naked deformity—

No well defined bluffs— but broken and irregular— the intervening spaces or basins are small

The Township is devoid of either timber or water

Vegetation— Sage brush— bunch grass— and Sand cherries —

General Description

This Township is composed almost entirely of Sand hills utterly worthless for purposes of agriculture—

The valleys though small are for sand land good

Neither water, stone or timber is found in this Township.
