General Land Office • Original Field Notes

Book Number

136

The images in this file are photographs of the notes of the original surveys of the State of Nebraska on file in the Office of the Nebraska State Surveyor located in Lincoln, Nebraska.

The original surveys in Nebraska began in the mid 1850's and were completed in the mid 1880's. The Nebraska office of the Surveyor General was closed June 30, 1886.

August 30th 1875

Township No 1 North Range No 8 E of the 6th P.M.

General Description

The land in this Township is mostly of a high rolling prairie with a soil of dark clay with an average depth of about 18 in & growing a good growth of Blue joint Grass well adapted to grazing purposes

Elm Creek enters the Township on the South boundary of Sec 33 & running through the South western front of the Township leaves on the West boundary of Sec 31

The Township has 2 other creeks running through it of an average width of 25 ft

The Bottom lands along these creeks are composed of a dark sandy loam which shows a heavy growth of Blue joint Grass proving the producing qualities of the land

Township No 1 North Range No 8 E of the 6th P.M.

The timber on the creeks is of a good quality, & composed of Cottonwood Elm, Oak & ash. Water is pure & abundant

List of Names

A list of names of individuals employed to assist in running, measuring & marking the lines and corners described in the foregoing feild notes of Township No 1 North of the Base line of Range No 8 East of the 6th principal meridian, showing the respective capacities in which they acted

Joseph P Mitchell	Compassman
Monroe R Dunn	Flagman
Emmett O Maxwell	Chainman
Walter H Taylor	Chainman
Richard C Cook	Moundman
William P Waining	Moundman

We hereby certify that we have assisted Wm Maxwell Deputy Surveyor in running, measuring & marking the lines & corners of Township No 1 North of the Base line of Range No 8 East of the 6th principal meridian, and that the said work has been in all respects to the best of our knowledge & belief well & faithfully executed & the boundary monuments planted according to the instructions furnished by the Surveyor General

of Commission Character Construction & marking & established in the manner as specifically described in the foregoing field notes

Joseph S. Mitchell Compassman
Monroe R Dunn Flagman
Emmett C Maxwell Chainman
Walter Wm Taylor Chainman
Richard C. Cook Mountaman
William T Haining Mountaman

August 23rd 1875

Township No 2 North Range No 8 E of the 6th Rm

General Description

The soil of the Bottom lands along the southern part of the Township, is a Rich sandy loam

The growth of the grass is very heavy showing the producing qualities of the land are very great

The Uplands are composed of a Black loam, & are second to the Bottom only in the fact of not being calculated to withstand protracted heat

Along the Western portion of the Township the surface is more Broken, & in places, Lime stone of good quality caps out of the brows of the hills the stone being suitable for both the manufacture of Lime, & Building purposes

The Timber is compose chiefly of Cottonwood & Elm, there being mixed with it

Township No 2 North Range No 8. E of the 6th P.M.

Oak ash & walnut,
The water is pure & abundant

List of Names

A list of names of the individuals employed to assist, in running measuring and marking the lines and corners described in the foregoing field notes, of Township No 2, North Range No 8. E. of the 6th P.M. Showing the respective capacities in which they acted

Frank M. Crowell	Compassman
Alfred La Noue	Flagman
Thos A. Skinner	Chainman
James E Brewer	Chainman
James M. Gillett	Moundmen
George Hayden	Moundmen
