=ning West on a blank line
along the South boundary of
Sec. 36 Va. 12° 50' E. at 39,82
chs. found a stake marked 1/4 S.
Sticking in the ground but
no mound or pits and at 80.
chs. found no trace of Cor.
the places for both Corners
Situated at Sandy hillside
I continue blank line with
Same Va. and at 120,28 chs.
from Township Cor. found at
24 lks N. a mound 1 ft. high
and pits N. E. and W. of Cr. 18
X 18 filled to within a few inches
of Surface with post in mound
marked 1/4 S. on N. face and
at 160.68 chs found at a

In searching for Cor. to Secs.
33 and 34 at the South bound-
ary of this township for a
Starting point I found a
Stake laying on the ground
marked
T 29 N. S 33. and
R 31 W. S 34. with the other
face in which there had
been some marks somewhat
decayed, but could find no
pits or mounds I according-
-ly from the Cor. to Sec. 34
and 35 on the S. boundary of
this Township ran West on a
blank line on the South
boundary of Sec. 34 and at
40.28 chs found a Stake
marked ¼ S. on N. face but
no pits or mounds and at

Resurvey of the exterior boundaries of T 30 N. of Range 31 W of the Sixth Principal Meredian. Nebraska

In Subdividing this township I commence by running North on a blank line on the East boundary of Sec. 36 Va 13.32' E. and at 40.17 Chs. I found the 1/4 Sec. Cor 20 lks. East and at 80 Chs and 66 lks the old Sec. Cor. 26 lks. East both nearly obliterated

I therefore continued the true line North and found the alignment bad and the measurements defective, Some of the Cors. nearly and others of them entirely obliterated

As T 30 N. of R 30 W had not been Subdivided and consequently no Subdivision lines had been closed on either side of this East Bound-

-ary I resurvey the same as follows: —

I commence at Cor. to townships No. 29 and 30 N. of Ranges 30 and 31 W which is a mound in fair condition with pits 24 x 18 ins 6 ft. dist, N. E. S. and W. of Cor. partially filled up, and post in State missing and repair the same by building mound up to 2½ ft. high 5 ft. base cleaned out pits 12 ins deep and in E pit drove a Stake 2 ft. long 2 ins. Square 12 ins in the ground marked T. 30 N S. 31 on N E.
R 30 W S 6 on S E.
T 29 N S 1. on S W. and
R 31 W S 36. on N W. faces with 6 notches on each edge, and from thence I run North on a true line bet. Secs. 31 and 36.

	In Subdividing this Town-=ship and running the rav-=dom line North bet. Secs. 1 and 2 I was unable to find the Cor. to Secs. 1, 2, 35 and 36. I therefor Commenced at Cor. to Townships 30 and 31 N. of Ranges 30 and 31 W. and run West on a blank line Va. 13° 15' E. and at 40. Chs. Searched diligently but was unable to find ¼ Sec. Cor. at 80. Chs. Searched but Could find no Sec. Cor. and at 90.90 Chs. found old Sec. Cor. to Secs. 1. 2. 35 and 36. I accordingly Continued the true line West and found the alignment practically Correct but the measurements im-=properly made I therefor resurvey Said North Boundary

Exterior T 31 N. R 31 W.

Resurvey of Exterior boundaries of T 31 N. R 31 W. of 6th Principal Meredian Nebraska:

On Subdividing this Township and running the northern line North between Secs 1 and 2 I was unable to find the Cor. to Secs. 1. 2. 35 and 36 on the North boundary of said Township I accordingly went to the North East Cor of said Township heretofore described and ran west on a blank line on the north boundary of Sec 1 Va 13° 40' E. at 40.00 Chs. I search diligently but find no Cor. and at 80.00 Chs. search diligently in all directions but am unable to find any cor. or any trace there of. I therefore continue my

In running the random line West between Secs. 30 and 31 in this Township I was unable to find any trace of the Sec. Cor. to Secs. 25, 30, 31 and 36 on the west boundary of the Tp.

I therefore go to the SW. Cor. of the township heretofore by me described and from said Cor. run North on a blank line on the West boundary of Sec. 31

General Description

This township (T 31 N. R. 31 W.) has but little variety either in surface or soil, being prairie rolling to hilly and the soil which is sandy includes little that is really good, though generally covered with a fair growth of bunch and buffalo grass, which furnishes a good range and subsistence for stock

It contains no water and no timber except three or four isolated cedars and pines

There are no settlements or improvements of any kind in this township

Resurvey of West Boundary of T 32 N. R 31 W. State of Nebraska.

I Commence at the Closing Cor. to Tps. 32 N. Rs. 31 and 32 W. which I find is 17.98 Chs. west of Standard Cor. to Secs. 31 and 32 T 33 N. R 31 W. and run south on a blank line bet. Secs. 1 and 6 Var. 13° 56' E.

At 38.26 Chs I find the old 1/4 Sec. Cor. and at 78.26 Chs. find the old Sec. Cor. I Continue the true line South and find the alignment good, but the measurements improperly made

I therefore resurvey this west boundary as follows:

Report.

I employed all my assistants on this township (T 32 N. R 9 W.) except compassman who immediately in the vicinity of the work and not knowing though making enquiry that there was an Officer duly authorized to administer oaths within one hundred miles, I, to save great delay and inconvenience administered the preliminary oaths. Discovering afterward that there was an U. S. Commissioner at Fort Yates where I had the final oaths administered by him

Respectfully Submitted
