Field Notes
of the
Survey and Subdivision
of
Township Number 1,
North
Range Number 34,
West of the
Sixth Principal Meridian
By
John B. Crosby Deputy Surveyor
under his Contract
No. 59
Dated June 29th 1872.

Work
Commenced August 12th 1872
Completed August 17th 1872

Town 1 N. Range 34 West 6 P.M

Chains

To determine the proper adjustment of my Compass for subdividing this township I commence at the corner to Townships 1 between Ranges 33 & 34 West and on the Base line and run North along the East boundary of Section 36

Variation 13° 40' East

39.89 to the established 1/4 Sec. Cor.

79.83 To the Corner to Sections 25 & 36 whereby I find that to run parallel to this line my Compass must be adjusted to a Variation of 13° 40' East

Subdivision Commenced August 12th 1872.

From the corner to Secs 35 & 36 on the Base line and South boundary of the Township I run North between Sections 35 and 36

Variation 13° 40' East

Town 1 N. Range 34 West 6 P.M

Chains

40 Set Post deposited Charred Stake, raised Mound of earth with pits as per instructions for 1/4 Sec. Cor.

80. Set Post deposited Charred stake raised Mound of earth with pits as per instructions for corner to Secs. 25, 26, 35 & 36.

Land broken 2nd Rate

East on random line between Secs 25 & 36

Va 13° 40 East

40 Set Post for temporary 1/4 Sec. Cor

80.05 Intersect east boundary of township 15 links north of corner to Secs 25 & 36 from which Cor I run N. 89° 54' W on true line between Secs, 25 & 36.

Va 13°, 40' East

40.02½ Set Post deposit Charred stake raise mound of earth with pits as per instructions for 1/4 Sec. Cor,

80.05 The Corner to Secs, 25, 26, 35 & 36.

Land broken 2nd Rate

79,20	The corners to secs 5, 6, 7 & 8 Land broken Soil 1st Rate

August 17, 1872.

Town 1 Range 34 West 6 P. M.

The general characteristics of this township, are like those of the adjacent townships east fertile soil except on the higher lands, destitution of timber or durable water, & no grass fit for hay.

The west third part of this township, particularly sections 6, 7, 8, 18, 19, 20 & west part of 17. are superior both for quality of soil and beauty of surface,

A list of the names of the men employed to assist in running measuring & marking the lines and corners described in the foregoing field notes of Township No 1. North of the base line of Range No. 34 West of the 6th principal Meridian showing the respective capacities in which they acted

Thomas J Peirsol } chainmen
George W. Albee }
Joseph M Giles } axemen
Henry R. McDaniel }
Jesse A Smith Flagman

We here by certify that we assisted J. B. Kennedy deputy Surveyor in the subdividing Township number two North of the base line of Range number thirty four West of the sixth principal Meridian and that said Township has

been in all respects to the best of our knowledge & belief well and faithfully surveyed and the boundary monuments planted according to the instructions furnished by the Surveyor General

Thomas H Peirsol } Chairmen
G. C. Abbe
Jos H. B. Giles } Axemen
N. P. McLean
Jesse A. Smith Skugmen

Subscribed and sworn to by the above named persons before me a Justice of the Peace in & for the county of Sarpy in the State of Nebraska this 7th day of October 1872

T. H. Robinson
Justice of the Peace

I John B Kerosby deputy surveyor do solemnly swear that in pursuance of a contract with A. on E. E. Cunningham Surveyor of public of the United States in the State of Nebraska bearing date the twenty ninth day of June 1872 and in strict conformity to the laws of the United States and the instructions furnished by said surveyor General I have faithfully surveyed the subdivisions of Township number one (1) North of the base line of Range thirty four West of the Sixth principal Meridian in the aforesaid State and do further solemnly swear that the foregoing are the true and original field notes of such survey

John B. Kerosby
Deputy Surveyor

Subscribed by J. B. Crosby
deputy surveyor and sworn
to before me a Justice of
the Peace in & for the county
of Sarpy in the State of
Nebraska this 7th day of
October 1872.

T. W. Robertson
Justice of the Peace.

Surveyor Genl's Office

Nebraska Dec 24 1872

The foregoing field Notes of the
Survey and Subdivision of Township
No. one North of Base line of
Range 3rd. East of 6th P.M. in
Nebraska Executed by John
B. Crosby under his contract
No 39 dated June 29th 1872
and Monthly of August
1872. Having been critically
Examined the necessary Corrections
and Explanations Made the
said field Notes and Survey
thereon are hereby
approved.

E. E. Cunningham
Surveyor General

	To determine the proper adjustment of my compass for the subdivision of this township I commence at the corner to Townships 1 and 2 North, between Ranges 33 and 34 West and run north on a blank line along the east boundary of section 36
	Variation 13° 39 East
39.95	To a point 12 links west of the ¼ sec. corner
79.90	To a point 20 links west of the corner to sections 25 & 36
	To retrace this line or run parallel thereto, my compass must be adjusted to a variation of 13° 30' East
	Subdivision commenced August 19th 1872 on south boundary of township at the corner to Sections 35 & 36.

Town.p 2 N. Range 34 W. 6th P.M.

Town 2 N Range 34 W, 6th PM.

General Description

The quality of soil and also the surface of the land in this township both of bottom and upland is much better for all purposes of agriculture on the north side of the Republican than on the south, Near the river, grass is abundant and of large growth, but on all the higher land, both bottom & table only buffalo grass is found,

Between the creeks which fall into the Republican in sections 9 & 11. North side of the river cotton wood in considerable quantity but of inferior quality is found, and also up the channels of those creeks. otherwise this township is nearly destitute of timber

Military & emigrating parties have wagon trails along each side of the Republican but not well enough defined as to enable me to enter them particular particulars in my notes,

55

Town 2 N. Range 34 W, 6th P.M.

The streams which only in times of high water discharge their contents from the south have generally no defined channel after leaving the bluffs. but spread upon the sandy bottoms, and the water is either absorbed by the light sandy soil or falls into the river in broad flows, cutting no channels.

Town 2 N Range 34 W, 6th P.M.

Meanders of the Right Bank of the Republican river through the township

August 24th 1872

I. commence at the meander corner 9.45 chains north of the corner to sections 18 & 19 on west boundary of the township and run thence down the stream with the meanders of the right bank of the river as follows.

We hereby certify that we assisted

John B. Crosby deputy Surveyor
in surveying the subdivisions
of township number two north
of the base line of range number
thirty four west of the sixth
principal Meridian and that
said township has been in all
respects to the best of our knowledge
and belief, well and faithfully
surveyed, and the boundary
monuments planted according
ing to the instructions furnished
by the Surveyor general.

T. A. Robertson
Justice of the Peace

I John B. Crosby deputy

Surveyor do solemnly swear
that in pursuance of a
Contract with E. E. Cunningham
Surveyor of public lands of the
United States in the State of
Nebraska, bearing date the
twenty ninth day of June
1872, and in strict conformity
to the laws of the United States
and the instructions furnished
by the said Surveyor general,
I have faithfully surveyed
the subdivisions and meander
of township number three (3) north
of the base line of range
number thirty four (34) west
of the sixth principal
Meridian in the State
aforesaid and do further
solemnly swear that the
foregoing are true and original
field Notes of such Survey

John B. Crosby
Deputy Surveyor

September 12th 1872

Township 3 N Range 34 W 6th P.M

General Description

This is a dry & very broken township & promises poorly for either general farming or grazing purposes

Three small tributaries to the Republican river decend from this township southward and are scantily supplied with water & have some timber, along their channels but neither extend up the streams as far as the center of the township

No grass is formed here except the buffalo grass, common to all the highlands of this region,

The only fair farming land in tracts of any considerable size is to be found in the northern and northwestern portions of the township, sections 17, 18

Township 3 N Range 34 W 6th P.M.

19 & 20 embrace some very fine land,

The central sections are rendered valueless by the continuous deep rocky gorges & ravines which drain all that district.

The only stone found in this township is the gray calcareous sandstone, of very little value as building stone.

A list of the names of the men employed to assist in running measuring & Marking the lines and corners described in the foregoing field notes of Township number three (3) North of the base line of Range thirty four West of the sixth principal Meridian showing the respective capacity in which they acted

Thomas J Pierce } Chainmen
George C. Alden }
Joseph M Giles } Axemen
Henry P. McLean }
Jesse A Smith Flagman

We hereby certify that we assisted J. B. Crosby deputy surveyor in subdividing and running the Meanders of Township number three (3) North of the base line of Range thirty four West of

the sixth principal and the
said Township has been in a
respects to the best of our know
ledge well & faithfully surve
and the boundary monume
planted according to the
instructions furnished by
the Surveyor General
Thomas F. Peirsol Chainmen
G. C. Albee

By
John B. Crosby Deputy Surveyor

Under his
Contract No. 59
Dated June 29th 1872

Work
Commenced September 13th 1872
Completed September 18th 1872

Township 4 N. Range 34 W 6th P.M.

Chains

To determine the proper adjustment of my compass for subdividing this township I commence at the corner to townships 3 and 4 North, Ranges 33 & 34 West of the 6th Principal Meridian, and run North along the east boundary of section 36.

Variation 13° 40' East

40. To the ¼ section corner

80.05 To the corner to sections 25 & 36. by which I find that to retrace the boundary line or run parallel thereto my compass must remain adjusted to a variation of 13° 40' East

Subdivision Commenced September 13th, 1872

From the corner to sections 35 & 36 on the south bound ary of township. I run North between secs 35 & 36

Tocorship 4 N Range 34 W 6th P.M.

Chains

Variation 13°, 40' East

September 18th 1872

Township 4 N. Range 34 W 6th P.M.

General Description

This township is very badly broken by deep ravines & Canons with ~~however~~ some exceptional sections such as Sec. 9-10 & 11 with portions of adjoining sections which constitute a plateau of fine level farming land. Also nearly the whole southern tier of sections together with Secs. 23, 26 & 27 & portions adjoining form another fine plateau of farming land.

The North half of sections 1 & 2 are on the bottom of White Mans Fork & well located for either farming or grazing purposes.

Cascade Creek serves as a general outlet to numerous Ravines, Drains & Canons by which nearly the whole central and western portions of this township is broken.

Township 4 N Range 34 W 6th P. Me

This Stream furnishes a good supply of spring water, along its Channel from the Northeast Corner to near the Center of the township, and for nearly the same distance it is skirted by a belt of small timber & brush some 4 chains in width which would afford good winter shelter for Considerable herds of stock.

There is but little timber in the township & that Cottonwood of inferior quality.

The usual grey sandstone of this district abounds in the deep Canons & gorges in the west part of the township

A list of the names of the men employed to assist in running measuring & marking the lines and corners described in the foregoing field Notes of Township No. 4. North of the base line of Range No. 34 West of the 6th principal Meridian showing the respective capacities in which they acted
