To determine the proper adjustment of my compass I began at the Cor to Townships 24 & 25 N of Ranges 21 & 22 and ran N on a blank line along the E boundary of Sec. 36

Va 13.20' E

40.00 To a point 12 lks E of 1/4 sec cor
80.00 To a point 25 lks E of cor to sec 25-36

To retrace that line or run parallel therewith I must adjust my compass to Va 15:30' E

General Description

This Township has a little land along the valley of the Calamus River that can be cultivated although strongly mixed with sand. This valley is covered with good grass —

The stream is clear and runs rapidly —

A large Basin in the North and East is good sand land —

The rest of the Township is worthless — Neither stone nor timber in the Township
