General Description

In this Township ~~is~~ the Soil is better ~~as~~ than in the Townships further East: The Banks and Bluffs along the right Bank of the Platte river are ~~hi~~ Lime stone rocks, but the surface of the Land between both Rivers is a very ~~large~~ level Plateau covered with good grass.

A few Cedars are scattered trough the Ravines.

On the North side the river there is ~~A~~ a ~~large~~ wide Bottom ~~Land~~ of rich soil and sufficient water.—

There are Many Springs of very clear and cold water ~~are~~ running out from the hills,— -
