Field Notes
of
the Survey of the Subdivision Lines and meanders of Township No 1 North of the Base line of Range No 41 West of the 6 P.M. In the State of Nebraska

Executed By
George W Fairfield Deputy Surveyor

List of Names.
A List of the Names of the Individuals who assisted George W Fairfield Deputy Surveyor in Subdividing Township No 1 N R 41 West Showing the Respective Capacities in which they acted

Frank L Sprague } Chainmen
Wm Reese
J C Wirrit } Axeman & Mound man
Jos H Fairfield Flagman.

Survey Commenced - Nov 25
Completed -

To determine the proper adjustment of my Compass for the Subdivision of this Township I commence. At the Corner to Townships 1 N R 40 Go 41 on 5th Guide Meridian West and Run North on a blank line along the East Boundary of Sec 30 Fr 1 N R 41 West 13°45' E.

3920 To a Point 68 East of the 1/4 Sec Cor.

7832 To a point 142 links East of the Corner to Sections 25 & 36

This corner being so much out of a true North line I conclude to make a further test of the 5th guide Meridian

[illegible]

Run North from this Corner Var 13°45' E.

4460 chs to right bank of Arickaree River

5220 chs to left bank of Arickaree River which River is according to the field Notes furnished me by the Surveyor General Located on the line between Secs 19 & 24

1250 chs N. of the Corner to Secs 19 24 25 & 30 which I Since find correct according to the Original Field notes on file in the Surveyor Generals office) Not finding any traces of meander Corners on the bank of said river I therefore set Posts for temporary Corners the river here is much wider than given in the original Notes. Thence North on Same line Var 13°45' E. At

7790 chs. I find the Cor to Secs 19 24 25 & 30

1,84 chs west of my line I find this line Diverging so far from a true N. line that I Now Keep my own line in Running North and make intersections with the 5th guide meridian West

Thence North between Secs 19 and 24.
Var 13°45 E.

1250 chs the Point given in original Field Notes for the right bank of Arickaree River. I find no river but find instead of River high Points of Divide bearing S.E. Towards River

1753 chs the point given in field Notes for left bank of Arickaree River but ~~this Deputy~~ fails to find any trace of River ~~unless he could trace it back to~~
3 ~~the time of the flood which is not done~~
I Now continue North on a true line
Var 13°45 E. At
7 7760 chs. to a Point 431 links East of Cor to Secs 13 18 19 and 24 on 5 guide mrd west From this Point I Run North between Secs 13 and 18 Var 13°45 E. at 78.42 to a point 581 links East of Cor to Secs 7 12 13 and 18 on the 5 guide mrd west From this point I continue North between Secs 7 and 12 Var 13°45 E.
78.60 To a point 682 links East of Cor to Secs 1 6 7 and 12 from this Point I run North between Secs 1 and 6 Var 13°45 E.

At 78.65 to a Point 7.80 links E of the Established Cor to Townships 1 and 2 North Ranges 40 and 41 W. In order to get the true distance to this corner from a north line from the Cor on the base line add the Distance which I set over to the west to get the Cor to Secs 25 30 31 and 36. which is 140 links which makes in all 9.20 chains. — I herewith give the Distance which each corner is west of a true North line along the 5th guide mrd West from the base line North to the Cor to Townships 1 and 2 North ranges 40 and 41 west of 6th Per Mrd. I also give the length of the Sec lines from Base line North. I further give it as my opinion that the Deputy who Ran this guide mrd ran from the 1st Standard Parallel North South 18 miles then run a random line South of the Base line and finding that ~~that~~ he was 10.53 chains west of the 5 guide meridian Cor on the base line then run a Course line Instead of a true line North back. Dividing the

Township 1 N. Range 41 West of the 6th. Pr. Mer.

Deficiency of measure in the different Sections as the work plainly Shows. Had there been no mistake of measurement on the base line his line would have closed very well to the ~~guide~~ point for 5th Guide Meridian Cor on the Base line The fifth guide Meridian west in Township 1 North Therefore instead of being a meridian or true line N & S. as given me in my diagrams requires a course west of North as I have no true north line on the East boundary of this Township I therefore Run this Township at a Var of 14° E

November 25th 1872

Chains From the Cor to Township 1 North Ranges 40 and 41 West I Run west along the South boundary of Sec 36, on Base line Var 14° E.

7830 To Cor to Secs 35 and 36 (Alie)

North between Secs 35 and 36. Var 14° E.

4000 Drove a charred Stake set Post and Raised mound of Earth from Pits as per instructions for a 1/4 Sec Cor.

8000 Drove a charred Stake Set Post and Raised mound of Earth from Pits as per instructions for a Cor to Secs 25 26 35 and 36

Land Rolling Soil 3d Rate

he lies again

he's dumped Cor both State Lines at right A.S.

Oct. 1910 -

The above remark is true Robert Harvey State Surveyor

N. 7½ E.	5.70	To meander cor. between Sec. 25 & 30 on E. Boundary of Township.

The banks of these rivers are 2 to 4 ft. high; bed sandy; current swift & shallow. The bottoms are a sandy alluvion, easily watered from the streams. There are some 60 or 80 acres of young Cottonwd. in Sec. 28 & 29.

December 2nd 1872

Township 1 N. Range 41 W. of the 6th. Pr. Mer.

General Description

With the exception of a high, sandy ridge in the N. ½ of this Township, the uplands are of second rate soil, too dry for farming unless with irrigation from wells.

The bottomlands are very rich and being of a sandy nature can be easily plowed, and cultivated with profit.

The grasses on the high lands are short but very nutritious, and here the farmer may find the best pasturage.

As seen by the accompanying diagram there are more drains, or shallow ravines in the Southern, than in the Northern portion of the Township.

Found gypsum in drain in E. ½ of Sec 34; a specimen of which is herewith returned.

List of the Names

A list of the names of the Individuals who assisted in running measuring and marking the subdivisions Lines and corners of the Field Notes of Township No 4 North Range No 40 west of the 6th R.M.

A List
of names of the individuals who assisted in
running measuring and
marking the subdivision
lines and corners of
Township No 2 North
Range 41 West of the
6th Principal Meridian

Harry Williams Chainman
Thomas Daily Chainman
Charles Roehrig Flagman
John M Robinson Moundman

We hereby certify that we assisted John R Patrick deputy Surveyor in subdividing Township No 2 north Range 41 West of the 6th Principal Meridian and that said Township has been in all respects to the best of our knowledge and belief well and faithfully surveyed and the boundary monuments planted according to the instructions of the Surveying General

Harry Williams Chainman
Jas Daily Chainman
Charlie Roehrig Flagman
Jno M Robinson Moundman

Subscribed and sworn to by the above named persons before me a Notary Public in and for the County of Lancaster in the State of Nebraska this 29th day of November 1872

Thos H. Hyde

Notary Public

I John R. Patrick do solemnly swear that in pursuance of a joint contract No 62 wherein John R Patrick and H. B. Stout are joint contractors with E. E. Cunningham United States Surveyor General for the district of Nebraska and Iowa bearing date the 29th day of June A.D. 1872 I have well faithfully and truely in my own proper person and in strict conformity with the Instructions of the Surveyor General the surveying manual and the Laws of the United States surveyed all those parts or portions of the Township No 2 north of the Base Line of Range 41 West of the 6th Principal Meridian in the State of Nebraska as are represented in the forgoing Field notes as having been surveyed under my direction and I do further solemnly swear that all the corners of said surveys have been established and perpetuated in strict accordance

with the Surveying Manual
and Printed Instructions and
that the foregoing are the true and
original Field Notes of
said survey

Jno R Patrick
Deputy Surveyor

Subscribed by the said John R
Patrick Deputy Surveyor and sworn
to before me a Notary Public
within and for the County of
Lancaster in the State of
Nebraska this 29 day of
November A.D. 1872

Thos H Hyde
Notary Public

General Discription
This Township is very
rough and broken by sand
Hills except a very narrow
bottom on the Small spring
stream that heads in Sec.
21. it is very clear and good
water seems to be lasting
the soil is generally all fine
drift sand. on the
whole this Township
is very little good for any
thing.

Surveyor Generals Office
Plattsmouth Jany 6th 1873

The foregoing Field Notes of the Survey and subdivision of Township No 12. North of Range No 41. West of the 6th Principal Meridian in Nebraska executed by John R Patrick under Joint Contract No 62. dated June 29th A.D 1872, wherein John R. Patrick and H. B Stout are joint contractors in the month of September A.D 1872 having been critically examined the necessary corrections and explanations made the said field Notes and the surveys they describe are hereby approved

E. E. Cunningham
Surveyor General

Sept 30th 1872

General Discription
In this Township the surface is generally hilly and Broken the soil is sand with a very thin turf and thin growth of tall blue stem grass no water on this Township

A List
of the names of individuals who assisted in running measuring and marking the subdivision lines and corners of Township No 3 North Range 41 West of the 6th Principal Meridian

Harry Williams Chainman
Thomas Daily Chainman
Charles Roehrig Flagman
John M Robinson Monumentman

We hereby certify that we assisted John R. Patrick deputy Surveyor in subdividing Township No. 3 north Range 41 West of the 6th Principal Meridian and that said Township has been in all respects to best of our knowledge and belief well and faithfully surveyed and ~~that~~ the boundary monuments planted according to the Instructions of the Surveyor General

Harry Williams Chainman
[illegible] Chainman
Charles Loehrig Flagman
Jno M Robinson Mensdman

Subscribed and sworn to by the above named persons before me a Notary Public in and for the County of Lancaster in State of Nebraska this 29 day of November 1872

Thos H. Hyde
Notary Public

John R. Patrick do solemnly swear that in pursuance of a joint contract no 62 wherein John R. Patrick and H. B. Stout are joint contractors with E. E. Cunningham United States Surveyor General for the district of Nebraska and Iowa bearing date the 29th day of June A.D. 1872. I have well faithfully and truely in my own proper person and in strict conformity with the Instructions of the Surveyor General the surveying Manual and the Laws of the United States surveyed all those parts or portions of the Township No 3 north of the Base Line of Range 41 West of the 6th Principal Meridian in the State of Nebraska as are represented in the forgoing Field notes as having been surveyed under my direction and I do further solemnly swear that all the corners of said surveys have been established and perpetuated in strict accordance with the

with the Surveying Manual and printed Instructions and that the foregoing are the true and original Field Notes of such Survey

John R. Patrick
Deputy Surveyor

Subscribed by the said John R. Patrick Deputy Surveyor and sworn to before me a Notary Public with in and for the County of Lancaster in the State of Nebraska this 29th day of November A.D. 1872

Thos. M. Hyde
Notary Public

Surveyor General's Office
Plattsmouth June 6th 1873

The foregoing Field Notes of the Survey & subdivision of Township No 3 North of the Base Line, of Range No 41 West of the 6th Principal Meridian in the State of Nebraska. Executed by John R. Patrick Deputy Surveyor under joint Contract No 62 dated June 29th 1872. Wherein John R. Patrick & H. B. Stout are joint Contractors, in the Month of September 1872, having been critically Examined the necessary Corrections & Explanations made the said Field Notes & Surveys they describe are hereby approved

E. E. Cunningham
Surveyor General

General Discription

This Township is very broken and hilly, the soil is very fine sand with very little loam ~~with is~~ There is a thin growth of tall rank blue stem grass. fit for ~~nothing~~ grazing no water near or on the Township

Surveyor Generals Office
Plattsmouth 1872

The foregoing field notes of the Survey and subdivision of Township No 4 North of Range No 41 West of the 6th P.M. executed by John R. Patrick Deputy Surveyor under joint contract No 62 dated June 29th 1872 wherein John R. Patrick and H. B. Stout are joint contractors in the month of October 1872, having been critically examined the necessary correction & explanations made the said field notes and the surveys they describe are hereby approved

Surveyor General

A list
of the names of the individuals who assisted in running measuring and marking the subdivision lines and corners of Township No 4 North Range 41 West of the 6th Principal Meridian

Harry Williams Chainman
Thomas Daly Chainman
Charles Rosling Flagman
John M Robinson Monumentman

We hereby certify that we assisted John R. Patrick deputy Surveyor in subdividing Township No. 4 north Range 4 West of the 6th Principal Meridian and that said Township has been in all respects to the best of our knowledge and belief well and faithfully surveyed and the boundary monuments planted according to the Instructions of the Surveyor General

Harry Williams Chainman
Jos. Kaily Chainman
Charlie Roehrig Flagman
Jno M Robinson Mountman

Subscribed and sworn to by the above named persons before me a Notary Public in and for the County Lancaster in the State of Nebraska this 24th day of November 1872

Thos. H. Hyde

Notary Public

John R. Patrick do solemnly swear that in pursuance of a joint contract No 62 wherein John R. Patrick and A. B. Stout are joint contractors with E. E. Cunningham United States Surveyor General for the district of Nebraska and Iowa bearing date the 29th day of June A. D. 1872 I have well ~~and~~ faithfully and truely in my own proper person and in strict conformity with the Instructions of the Surveyor General the Surveying Manual and the Laws of the United States surveyed all those parts or portions of the Township No 4 north of the Base Line of Range 4 West of the 6th Principal Meridian in the State of Nebraska as are represented in the foregoing Field Notes as having been surveyed under my direction and I do further solemnly swear that all the corners of said surveys have been established and perpetuated in strict accordance with the

Surveying Manual and Printed
Instructions and that the foregoing
are the true and original Field
Notes of such Survey.
